

# SMS TEXT MESSAGING

Communicate with clients quickly and discretely with SMS text messaging from Partner for Windows

SMS text messaging from Partner for Windows is an alternative method of communicating when you want to get a message to a client or contact fast. Whether you need to remind a client about an imminent appointment or to notify them of an update to their case, or simply want to ask them to call you, SMS offers a way of getting urgent information to those who may not be in a position to take a call or check their emails. Using SMS text messaging from Partner for Windows means that you do not have to reveal your personal mobile number. It is also a lot cheaper than sending a letter or making a telephone call.

Sending a text message from Partner for Windows, either manually or via Case Manager is very easy. Below are some examples:

Property Message

Crime Message

General Message

## FEATURES

- Send automatic texts set up in your case flow or manual ad-hoc texts

Sending a text message manually

## ABOUT PARTNER FOR WINDOWS

Partner for Windows is a comprehensive practice and case management system including accounting, case and document management, time recording and billing which together form a complete system to meet the back and front office requirements of a modern legal practice.

The extensive functionality of Partner for Windows can further be enhanced using a range of specialist third party solutions designed to address key business issues for the legal profession. Each of these solutions is seamlessly integrated into Partner for Windows to ensure that the single practice and case management database remains at the core of the system.
